A **Mentor** is a trusted Christian counselor. If you feel God's nudge to share in another woman's life by using what God has done in your life to encourage and assist her in the glorious walk of a Christian woman, God is calling you to be a Mentor.

A woman who needs a mentor is someone who is willing to listen, accept advice and encouragement from a woman who has been in your shoes and with God's help made it through. If you would like an older woman to support and encourage you in your Christian life, God is nudging you to seek out a Christian role model.
